## **Your Home, Your Haven: A Cleaner, Greener Life!**

Keeping our villa community pristine is a shared responsibility that enhances everyone's living experience. From lush gardens to spotless streets, here's how you can do your part to ensure a clean and hygienic environment:

### **Garden Waste Tip**

Trimmed bushes and fallen leaves? Ensure all green waste is bagged and disposed of properly to keep our common areas neat.

### **Pet Owner's Duty**

A daily walk with your pet is a must, but so is cleaning up after them! Use the pet waste bins available throughout the community to help maintain clean pathways.

### **Bin Hygiene**

Keep waste bins covered and only place them out on collection days. This not only keeps odours at bay but also helps avoid pests.

### **Outdoor Cleanliness**

Avoid leaving household items or clutter in front of your villa. Let's keep driveways and walkways clutter-free and visually appealing.

### **Common Area Courtesy**

Whether it's the BBQ space, amenities area, or gym, make it a habit to clean up after yourself and avoid littering to maintain a pleasant experience for everyone.

**Together, let's maintain our villas and surroundings as a haven of cleanliness and comfort!**

# ***A Safer, Brighter Playtime at Arabian Ranches!***

Exciting news for little adventurers! The kids' play area at Arabian Ranches has been refreshed with brand-new EPDM flooring, offering a softer, safer, and more vibrant space to jump, run, and explore. Designed for both comfort and durability, this upgrade ensures endless fun while giving parents peace of mind.

# ***Brighter Pathways at Arabian Ranches!***

Strolling through Arabian Ranches just got better! New bollard lights now illuminate the footpaths around Al Reem Lake, the walkway connecting Hattan to Aseel, and the Sikka leading to the golf course. These upgrades not only enhance visibility but also create a safer and more inviting ambiance for evening walks, adding a warm glow to our community's charm.

# ***Sikka Pathways Glow with Solar Power!***

Arabian Ranches embraces sustainability with newly installed solar lights along all Sikka pathways leading to Al Reem Lake. This eco-friendly upgrade enhances visibility and promotes energy efficiency, creating a greener and brighter community for all.

# ***New Mosque Now Open in Arabian Ranches I***

We're pleased to announce the opening of a new mosque in Arabian Ranches I, near the Studio City exit. In line with AWQAF guidelines, both community mosques will conduct Friday prayers. Come experience this peaceful addition to our neighbourhood!

# ***Prevent Mosquito Infestation***

## **Eliminate Stagnant Water**

As responsible community members, it's crucial to understand the root cause of increased mosquito infestation. Stagnant water is the main reason for this rise in pests and related health issues. Let's focus on eliminating stagnant water and taking proactive measures to safeguard our collective well-being.

### **Why is stagnant water a concern?**

Breeding ground  
for mosquitoes/pests

Poses serious health  
risks to all residents

Foul odour and  
aesthetic issues

Degrades  
water quality

### Prioritising Community Health

We are proactively conducting several treatments such as ULV treatments, Larvicide Chemical (IGR) treatments, Thermal Fogging, Rodent Bait Services, Residual Spray near the lakes, water bodies, and common areas. Despite our continuous efforts, pest infestations persist due to stagnant water in individual properties.

### Together For A Healthier, Happier Community!

- Check and clear clogged gutters, containers holding rainwater, and unused pools or ponds.
- Install mesh screens or covers on rain barrels and water storage containers to deter mosquitoes.
- Empty containers like flowerpots, buckets, and children's toys that collect water.
- Inspect your garden area for water accumulation caused by drip irrigation, rainwater or excessive watering of plants.
- Washing cars can lead to water pooling on pavements. Clean your car in your private carport using a damp cloth. Use waterless, eco-friendly cleaning products.

# ***Bulky Waste Disposal***

## **1 Keep it in Bounds**

Place garbage bins within your villa's boundary walls, not in common areas.

## **2 Cleanliness is Key**

Regularly clean your garbage bin and surrounding area for a fresher neighbourhood!

## **3 Odour Control Tip**

Tightly tie garbage bags before binning to reduce unpleasant smells.

## **4 Recycle Weekly**

Place recyclables next to your bin for weekly collection.

## **5 No Dumping Zone**

Common areas are not for garbage or waste disposal - let's keep them clean!

## **6 Professional Pickup**

Rely on our waste collection service provider for regular garbage removal.

## **7 Special Waste Alert**

Construction debris and old furniture need proper disposal - not in shared spaces!

Remember, following these guidelines keeps our community beautiful and harmonious. Violations may result in notices, penalties, or even involvement of local authorities. Let's work together to make our community shine!

**Residents can reach Dubai Municipality's Bulky Waste Collection service by calling 800900.**

# ***Safety Measures For Heavy Rainfall***

We are taking all precautions to safeguard our community, however, it's vital to protect your property and belongings.

## **Clean Drains & Gutters**

Regularly check and clean drains, gutters, and plumbing to prevent blockages and water damage.

## **Fix Windows & Ceilings**

Repair any damage to windows, roofs, or ceilings to prevent leaks. Seal gaps with weatherproof caulking.

## **Secure Outdoor Furniture**

Bring in or fasten outdoor furniture to avoid wind damage.

## **Prevent Moisture Damage**

Hire professionals to inspect and seal vulnerabilities in your home to prevent leaks.

## **Check AC Systems**

Service air conditioning units to ensure proper drainage and efficiency.

## **Inspect Water Heaters**

Check for leaks or corrosion and flush the tank to maintain efficiency.

## **Trim Plants**

Keep garden plants trimmed to prevent blockages in drainage systems.

## **Park Safely**

Avoid parking in low-lying or flood-prone areas and under trees.

## **Maintain Pool Levels**

Lower pool water levels to prevent overflow during heavy rainfall.

**Stay safe, dry, and prepared!**

# ***Water Heater Maintenance***

Keep your water heater safe and efficient with these quick tips:

## **General Tips**

**Power Off First:** Always disconnect before maintenance.

**Monthly Valve Check:** Test and clean the safety valve; replace if needed.

## **Key Inspections**

Heating Element: Clean or replace every two years.

Thermostat: Replace if overheating or steaming.

Safety Valve: Inspect every two years.

## **Safe Practices**

Check for leaks and secure wall hooks.

Never operate with wet hands.

Keep cold water flowing during heating.

## **Pro Advice**

Use original spare parts.

Drain the heater if away for long periods.

**A little maintenance goes a long way!**
